Vertical Storage Tank

Designed to perform better

Endura
Fertilizer
Management

16" hinged locking lid with venting sufficient for 3" plumbing

Positive tie-down points for added security

Sturdy, extra-heavy wall tank for maximum insurance.

Tank wall design to sustain brutal head pressure

Re-inforced dome structure for extra strength

Structurally molded ribbing acts as belting for additional rigidity

Only A-Grade virgin polymer can meet Enduraplas standards

Only top grade, proven fittings, used in Enduraplas tanks

CODE	Description	Dimensions
